

FULLY PREPARED VEGETABLES AND FRUITS

CARAMELIZED & SAUTÉED

ALL-NATURAL PREPARATION FOR SAVORY FLAVOR

Caramelized: Slow-cooked in natural juices without additives or preservatives, as the indirect heat develops robust flavor notes and rich color.

Sautéed: Blended with a touch of oil or balsamic vinegar during the cooking process to deliver an authentic pan-prepared appearance and mildly sweet taste.

Instantaneous freezing locks in the ideal moisture balance and preserves the intense color and fresh-prepared flavor.
