HOW TO SELECT Eright Potato

Given the large spectrum of cuts, coatings and seasonings, selecting the right potato may seem challenging. To make it easier, think about the performance attributes your operation requires most—like heat retention or long-lasting crispness. Look for the icons below throughout the guide to help identify the products you need.

> > texture

Coated or Battered Fries

HEAVY BATTER
 Heavy-textured visible batter

PLATE COVERAGE Longer Lengths

HEAT RETENTION

Thicker cuts have a larger surface area and mass that retain heat longer.

MENU DIFFERENTIATION
