

Beer Battered Rings with Kaya

Crunchy meets smooth, bitter meets sweet: onion rings fried in a craft IPA batter served with a sweet coconut jam.

PAIR WITH

- HEFEWEIZEN**—The fruit-forward banana and clove flavors of this beer complement the sweet coconut custard while cutting through the acid of the onions and the bitterness of the hoppy IPA coating.
- IPA**—The bright citrus fruit notes from this hop-forward beer deepens the flavors of the batter and gives a bold contrast to the creamy coconut jam.
